## Full Stack Developer

**Portfolio:** <https://www.jameswatson.work/>

Hello, I'm James Watson a self taught Junior Full Stack Developer studying daily to improve my skills in all areas in web development. Finding myself always looking to create something new so I can find different libraries and learn what is the best and most efficient way to solve the challenge at hand. Most proficient in Javascript using mongoDB as my database. Also I am learning php, python and mySQL through online courses and creating projects. I would strongly recommend visiting my portfolio as that best represents my work.
